DETAILED ACTION

1. Claims 1-15 have been examined.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 14 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Amada et al (US 5,241,543), hereinafter refer to as Amada.

-Regarding claims 1, 5, 14, 15, **Amada** discloses a method and apparatus for processing communication at a node in a communication system comprising: receiving at said node a series of fixed-length data frames over the communication system, including receiving a plurality of data streams multiplexed in the communication system, including receiving a plurality of data streams multiplexed in the series of fixed-length frames, each of the data streams originating from a corresponding one of a plurality of source of data in the communication system and at least two of said data streams originate from a same source of data; for each of the series of fixed-length frames, identifying a plurality of offsets within said fixed-length frame, each of said offsets being associated with a different one of the plurality of sources of data; and processing the data streams multiplexed in the series of fixed-length frames, including, for each of the data streams, in each of the series of fixed-length frames, processing said data stream

Art Unit: 2664

according to the offset identified for said frame that is associated with the source of said data stream (see figure 2, column 5, lines 9-20).

Allowable Subject Matter

4. Claims 2-13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
